## VISION

- To make the required medicines available to all ailing mankind,
- We, AXA Parenterals Ltd. has decided to put up one new manufacturing facility as green field project in the vicinity of Roorkee, Distt. Haridwar Uttarakhand INDIA, where our existing manufacturing unit is serving human beings, globally since 2007.

## Dear Customer,

Healthcare is the fundamental right of all citizens in each & every country. In current time, the requirement of medicines has gone up drastically, due to Covid-19 Pandemic. To make the required medicines available to all ailing mankind, we, **AXA Parenterals Ltd.** has decided to put up one new manufacturing facility as green field project in the vicinity of Roorkee, Distt. Haridwar Uttarakhand INDIA, where our existing manufacturing unit, **Axa Parenterals Ltd.**, is serving human beings, globally since 2007.

Being an essential lifesaving Intravenous Fluids manufacturer, we are present in the hospital industry right from the word go till the patient is discharged from any of the hospital in India. Basically **Heilsa Life Sciences Pvt. Ltd.** is an extension of our products line which will be manufacturing the other essentially required medicines consumed in almost all the hospitals across the length & width of our country. **Axa Parenterals Ltd.** will be able to leverage upon its current global distributor network and the trust in its brands which has been created over the years by serving the medical fraternity.

# AXA PARENTERALS LTD.

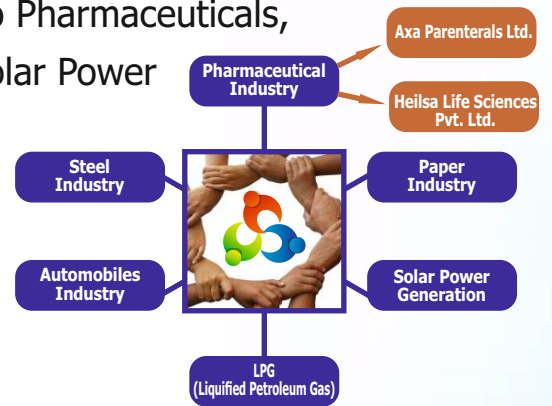

## MISSION

- Manufacturing quality products with concern for safety, environment and health.
- Following best management practices and build success with excellence.
- AXA to strive ceaselessly with a commitment towards Customer satisfaction.

## AXA - as a group

Axa Parenterals Ltd. is a large conglomerate with diversified presence into Pharmaceuticals, Steel, Paper, Automobiles, Solar Power Generation and LPG.

# HEILSA LIFE SCI

**HEILSA LIFE SCIENCES PVT. LTD. will be manufacturing several products (Injectable & OSD both) in phase wise manner in General and Oncology Blocks.**

**HEILSA will provide the products in 3 phases in Injectable & OSD Dosage forms.**

**In first phase:**

Glass Vials (Liquid, Liposomal, Emulsions and Lyophilized products), Glass Ampoules and Glass Pre Filled Syringes in General Category Product Block.

**In second phase:**

Anti-Cancer Injections (Liquid, Lyophilized and Liposomal) in glass vials in Oncology Product Block.

**In third phase:**

Tablets, Capsules & Dry Powder Injectable in General and Oncology Blocks.

Heilsa will produce the medicinal products in the segments like, Antibiotics, Antipyretics, Analgesics, Antihypertensives, Immunosuppressants, Laxatives, Amino Acids, Total Parenteral Nutrition, Ophthalmic drugs, Respiratory drugs, Solvents, Fat Emulsions like Propofol, ENT products, Antispasmodic drugs, Liver function drugs, Antiemetic formulations, Anti Cancer & other critical care products.

The addition of these manufacturing lines in **Heilsa Life Sciences Pvt. Ltd.** (APL Unit-II) will further allow us to leverage our legacy since we are moving towards adding more advanced products with **Newer, Safer & Advanced Drug Delivery Systems.**

**Phases and Lines of HEILSA LIFE SCIENCES PVT. LTD.:**

**Phase I :**

Line 1 : Liquid vials, Liposomal vials, Lyophilized Vials & Emulsion vials

Line 2 : Ampoules

Line 3 : PFS (Prefilled Syringes)

Line 4 : Oncology Products (Liquid Vials, Liposomal and Lyophilized Products)

**Phase II (a) :**

Oncology Oral Solid Dosage Forms (Tablet & Capsules)

**Phase II (b) :**

Dry Powder Injectables

**Phase II (c) :**

General Oral Solid Dosage Forms (Tablets & Capsules)

# ENCES PVT. LTD.
